

# Industrial Scales

## The IM8000

By ISHIDA

Introducing the ultimate printing assistant that will lift the weight of the world off your shoulders!

### Get ready for the ultimate weighing machine, the IM8000!

It's the chameleon of scales, with tailor-made software to suit your every need. Perfect for all kinds of workplaces, from bustling factories to swanky stores. Cleaning is a breeze, making your hygiene squad beam with pride! And, if you're a barcode buff, well, you'll be blown away by its capabilities! You can even customize your label formats, giving your inner creative genius a chance to shine. So, whether you're running a courier company, a meat factory, or a massive warehouse, the IM8000 is the go-to scale for all your weighing needs!

## Features:

- A touch screen and PC interface that works like a dream on Windows
- A variety of capacity ranges to pick from
- You can even add printers and scanners for extra coolness
- Customize the software to your exact needs
- Optional WiFi or LAN connection to make your life super easy
- A stainless steel casing that's tough as nails
- Easily wipe it down for cleanliness
- Plus, there's even an optional stand for tabletop use!
